We, the annual staff of Heflin High School, wish to express our sincere hope that your 1960 CHALLENGER will serve as a treasure chest of happy memories for many years to come.

We have enjoyed the task of editing this yearbook, and we have profited from the undertaking. We leave the measure of our success to you for your approval.

We want to extend our many thanks to all of those who have helped to make our yearbook a success.

THE STAFF

PRINCIPAL'S MESSAGE

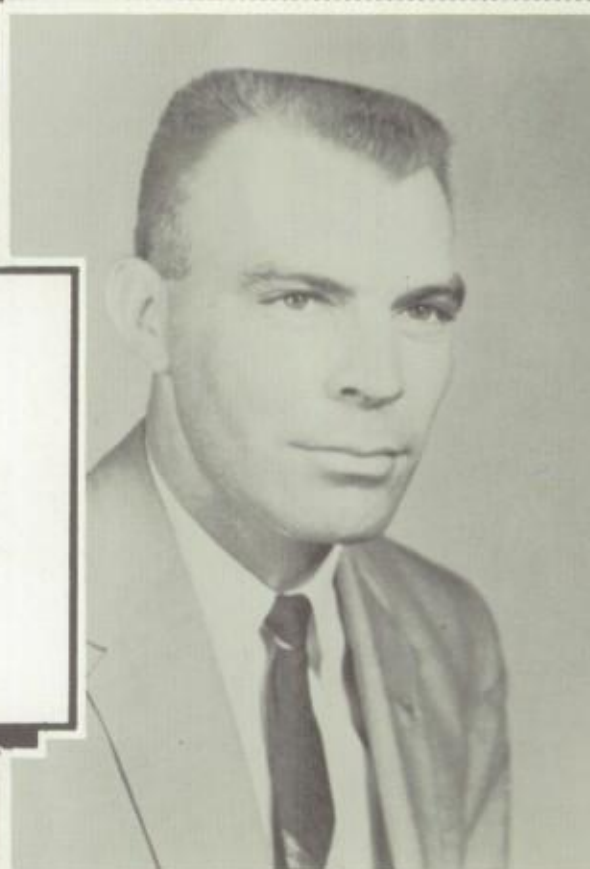

The years spent in school are some of the most important years of one's life. During this time you are building character and making decisions for life. They will be hard years for many, but the accomplishments and friendships made will be worth all the hard work. This summary highlights this school year. It will grow dearer as the years pass by.

This year's senior class is one of the largest and finest that we have ever had. As they leave us, we will be losing some outstanding talent. I would like to congratulate the seniors, the staff, and the sponsors for a job well done. This fine annual is a credit to our school.

Principal

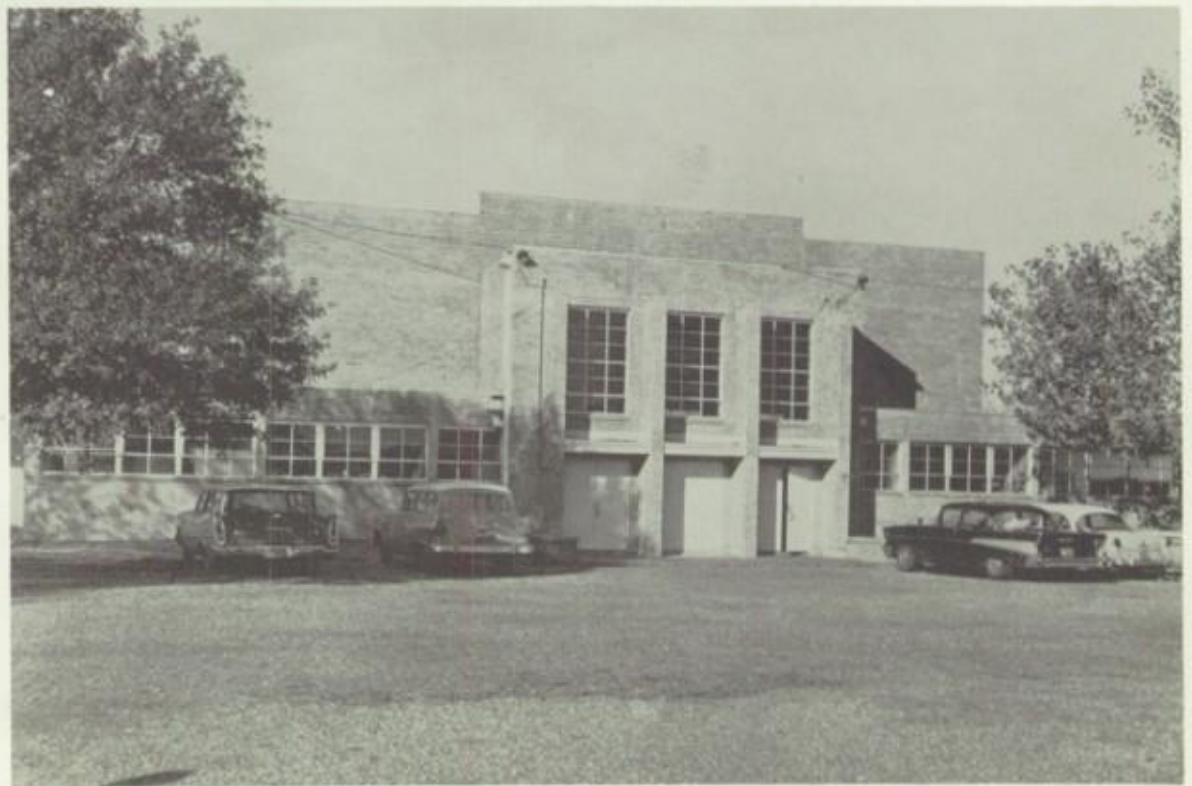

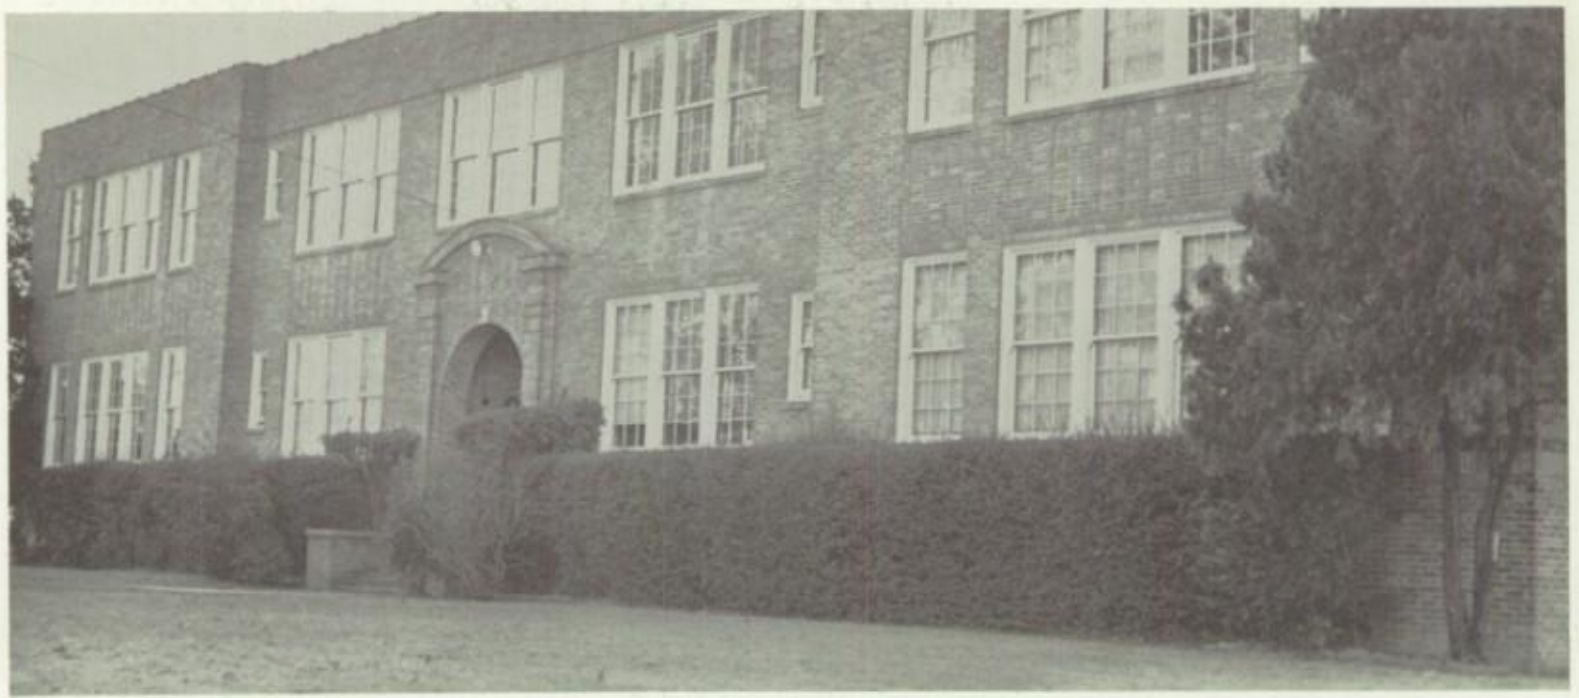

C. D. Morgan

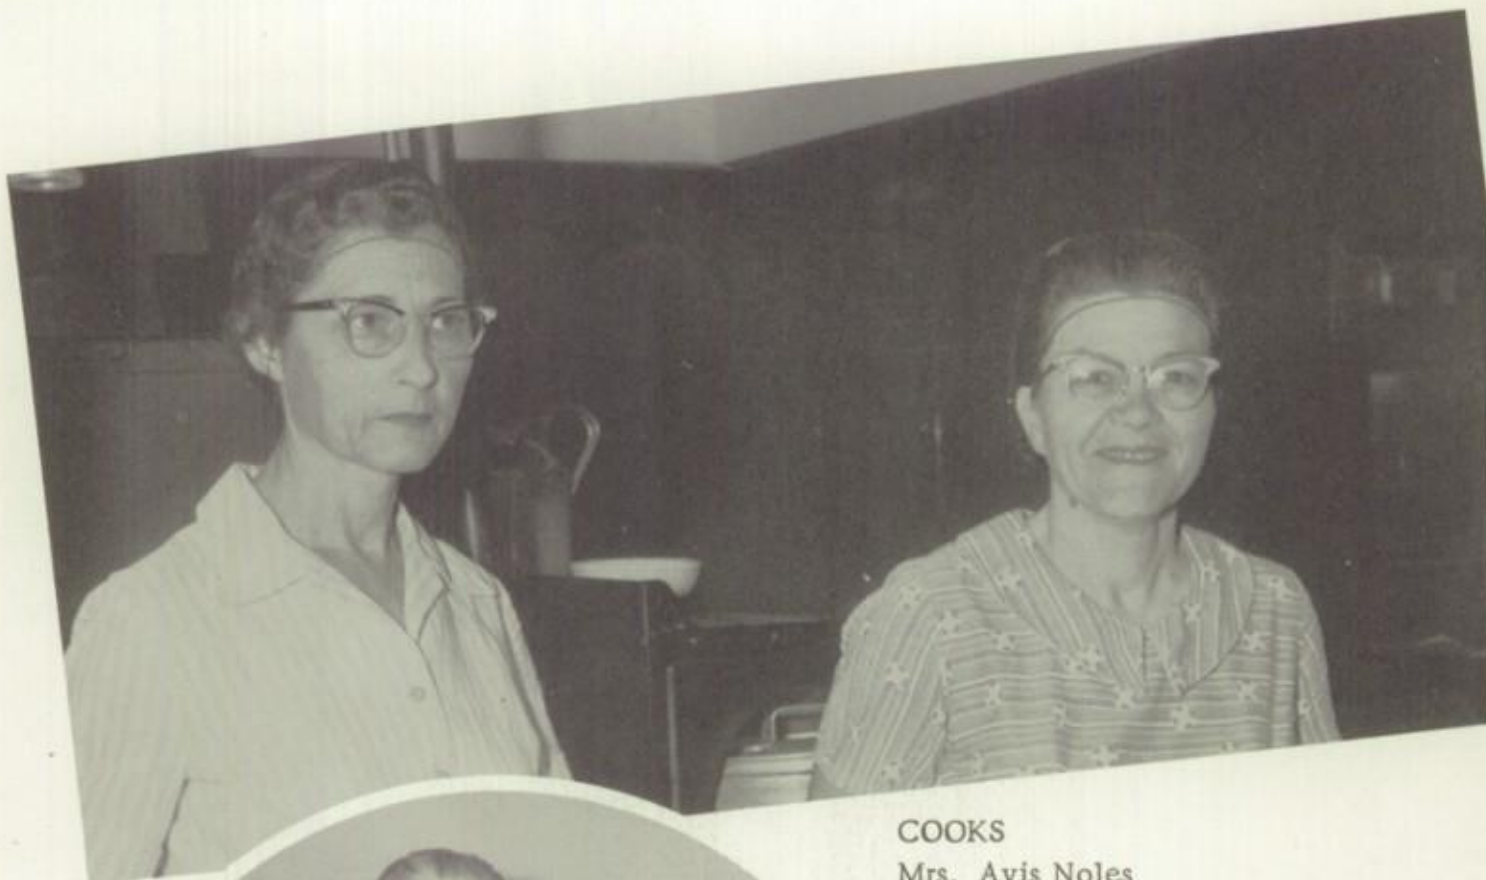

DEDICATION

Whose guiding hand has led us
O'er many rocky trails,
We dedicate this yearbook
To him who'll never fail us,
Because he's understanding
And believes always in us,
Because he's ne'er too busy
To help us without fuss.
Because we respect and love him
And we want him to know,
We dedicate this annual
To the one who deserves it so.

With pride, love and respect
To Mr. Franklin,
The Senior Class of 1960

CLASS PROPHECY OF 1980

The seniors of the class of 1960 are now famous for great accomplishments:

Richard Noles, who was trained by Bob Cummings, is now New Orleans's most famous glamour girl photographer.

Bouky Lee, now retired in sunny Florida with his movie star wife, has organized a farm for people who prefer not to work for a living.

Jerry Hinton, the most famous musician since "Elvis", has a twelve year contract with the most famous night spot in Las Vegas.

Carolyn Woods, now married to a college professor who teaches Campusology at N. S. C., spends her spare time making tall men's shirts.

Jeanette Kettler, now coach of the Jones Globe Trotters, has started smoking cigars to relieve the tension.

Marvin Jordon, long time bachelor, has served his time with "Uncle Sam", graduated from two colleges with a master's degree, and settled down to look for a wife.

Faye Harrison, wife of the oil tycoon Jackie Harrison, is now on a shopping spree in Gay Paree.

Joyce Montgomery, graduate of the school of life, has plans to move to the bustling little town of Castor in the next few years.

Don Nelson, manager of the Chicago Green Sox, has been offered a 60 year contract as assistant to the assistant of the National Baseball Association.

Kenneth Lary, president of Bevlon Corporation, has invented a kiss proof lipstick guaranteed not to rub off on men's collars.

Winferd Byers, who owns his own fish hatcheries and replenishes the ponds of Heflin, plans to take a trip to Africa to study a new species of Guppies.

Allen Jones is now living on a beautiful enchanted island just off the coast of California known as Alkatraz.

Leon Haynie, now weighing 320 pounds, has written a "do it yourself" book entitled, "How to Put on Weight."

Rikki Craig, ace flyer in the Air Force, has begun tests to become the first man on the moon.

Bobbie Killingworth, graduate from Tech with high honors, has written a special book on "How to Make Clothes for Tall Kids."

Jim Pat Boley, who recently resigned from his job of barber, is studying law in order to compete with Perry Mason.

Geraldine Woodall, fashion designer for the White House, has designed a new suit for Mrs. Eisenhower, using only three yards of material.

Sandra Beatty, who has just finished redecorating the First Bank of Heflin, is now working on a plan for landscaping the Gound Observer Recreation Hall.
